

ADDENDUM #1
POSTED February 22, 2011

PROPOSAL: # 10128 Transit AVL-MDC System
SUBMISSION DATE: February 24, 2012 @ 3:00pm

- 1Q. In lieu of references, combining our AVL solution with ACT's existing scheduling provider (Routematch), would ACT accept references that have involved combining an AVL solution with another scheduling software provider?**
- 1A. Yes
- 2Q. Would ACT kindly consider a 2 week extension to the February 24 deadline?**
- 2A. Yes, per this request Allegan County will be extending the due date until March 9th at 3:00pm.
- 3Q. In the proposed data configuration section (3.3), would the ACT kindly consider variations for MDC specifications in terms of portability (3.3.2), software compatibility (3.3.3), replacement ability (3.3.4) and hardware (3.3.11), provided any variations are explained and meet ACT's satisfaction, and the general requirements outlined in this section of the proposal are met?**
- 3A. Yes, additional variations will be considered subject to meeting the general requirements.
